### 60cm MULTIFUNCTION HYDROLYTIC OVEN

## FEATURES & BENEFITS

### COOK 3

Cook on three different dishes at the same time thanks to a special airflow that avoids aroma mixing.

### TURBO GRILL

Fan grilling technology that cooks quickly and more evenly with a boost of hot air surrounding the grill zone. This feature has been designed to create a spit roast effect, so even thicker pieces of meat are crisp on the outside and tender on the inside.

### FAN FORCED AIR SYSTEM

A quick and easy cooking method that doesn't require pre-heating. The fan distributes hot air evenly to all parts of the oven and even allows you to cook different foods simultaneously without mixing taste or smell.

### SMART CLEAN

Innovative SmartClean technology cleans the oven thoroughly and efficiently, leaving no odours and without requiring a detergent. SmartClean technology works together with an easy-to clean special enamel and offers a dedicated cycle that always delivers perfect cleaning results.

### WARRANTY

5 Years on parts and labour.
