

WHP80250

FRESHCARE+ 9KG HEAT PUMP DRYER

FEATURES & BENEFITS

6TH SENSE TECHNOLOGY

6th SENSE Technology recognises the amount of laundry, sets the right drying time accordingly and therefore provides resource optimisation.

FRESHCARE+

You no longer need to adapt your schedule to the laundry chores and to be present at the end of the cycle and to unload the dryer immediately. Whirlpool FRESHCARE+ dryer keeps clothes soft and fresh for hours after the cycle is complete protecting them from odours and creasing. Unloading the dryer is no longer so urgent and it's finally possible to better manage your free time without giving up on freshness

WOOLMARK BLUE

The FreshCare+ tumble dryer allows to easily and safely dry all woolen garments. With the wool cycle which guarantees delicate drying that respects the beauty of the finest woolen sweaters labeled "hand wash", maintaining them soft and smooth as new. The cycle is endorsed by the Woolmark Company: A++ FreshCare+ Dryer gaining the prestigious Woolmark Blue Certification after a test on the percentage of felting.

STEAM REFRESH

Sometimes clothes are not dirty, yet they are not perfect. Refresh regenerates the freshness of your garments avoiding unnecessary washing. Clothes are ready to wear again in just 20 minutes. In this special refreshing cycle, the dryer generates a flow of fresh air that penetrates into the fibers, removing unpleasant smells, relaxing fibers and smoothing creases*.

WARRANTY

5 Year warranty on parts and labour.

TECHNICAL SPECIFICATIONS
